

Wiring device system specific for installations in round and square boxes, characterized by an elegant appearance and classic shapes. The plates, realized in technopolymer in seven colors and in different modularities, from 2 up to 2+2+2+2 gang, are installable indifferently in horizontal or in vertical position. The range, developed around a core of monobloc devices, is available in two colors: white and ivory, in glossy finish. Expandable thanks to the Chorus modular devices.

Colour	White	Material	Technopolymer
Type	Illuminable	Finishing	Glossy
Fixing	With clutches/Screws	Symbol	0/1
Description	2P - 10AX	Type of terminals	Screwless
Breaking capacity (EN 61009-1)	1.25 In (200 position changes)	Voltage	250 V ac
Terminal tightening capacity	0,5-2x2,5 mm ² fils rigides	Glow wire test	850 °C
Category	Switch	Insulation resistance	> 5 MOhm
Thermo-pressure with ball	125 °C	Standard	EN 60669-1
Resistance at test voltage	2000 V a 50 Hz for 1 minut	Prolonged operation (no.of position changes)	40.000 at In 250 V ac cos=0,6
Terminal grip on cable traction	30 N
