

Wiring device system specific for installations in round and square boxes, characterized by an elegant appearance and classic shapes. The plates, realized in technopolymer in seven colors and in different modularities, from 2 up to 2+2+2+2 gang, are installable indifferently in horizontal or in vertical position. The range, developed around a core of monobloc devices, is available in two colors: white and ivory, in glossy finish. Expandable thanks to the Chorus modular devices.

Colour	White	Characteristics	With shutters for child protection
Material	Technopolymer	Finishing	Glossy
Fixing	With clutches/Screws	For plug pins	Ø 4 / 4.8 mm
Standard	French standard	Description	2P+E - 16A
Type of terminals	With screw	Breaking capacity (EN 61009-1)	1.25 In (100 position changes)
Voltage	250 V ac	Terminal tightening capacity	0,5-2x2,5 mm ² rigid cables - 0,75-2x4 mm ² flexible cables
Glow wire test	850 °C	Category	Socket-outlet
Insulation resistance	> 5 MOhm	Thermo-pressure with ball	125 °C
Standard	IEC 60884-1	Resistance at test voltage	2000 V a 50 Hz for 1 minut
Prolonged operation (no.of position changes)	10.000 at In 250 V ac cos=0,8	Terminal grip on cable traction	> 50 N
